

## Internship Position Available

Axten Farms Ltd. is located one-mile North of Minton, Saskatchewan. We are looking for an intern for the spring/summer of 2019. Our grain farm focuses on regenerative agriculture. Therefore, we offer a unique experience to learn about intercrops, cover crops, composting and controlled traffic farming.

*Duties may include:*

- \* operating farm equipment such as seeding equipment and sprayer*
- \* equipment maintenance*
- \* making compost and compost extract*
- \* moving augers and loading trucks*

We are looking for an ambitious student, with a farming background, that is comfortable running equipment and eager to learn new farming ideas. We enjoy having students with a positive attitude and strong work ethic.

**Please contact Derek Axten for more information.**
